

Bicycle Alliance of Washington
First Thursday Art Walk July 7, 2011
Featured Artists

Craig Snyder is a Seattle-based visual artist who recently rediscovered his boyhood love for the bicycle. His work has been included in national and international exhibitions and festivals including recent shows at the Brooklyn Academy of Music, NY and Spaceworks in Tacoma.

Craig will display his June Drawing Cycle, a collection of drawings and paintings completed each day in June, on bicycle-related themes from daily observations. Each work is 4" x 6" graphite and acrylic on paper, available for a \$25 donation to the Bicycle Alliance of Washington.

Jesse Knutson is a custom furniture artist and dedicated cyclist. His business is Independent Woodworks, and he makes attractive and functional bike shelves for apartments as well as more conventional furniture. You can view his work at www.independentwoodworks.com, and the bike shelves in particular are on his Etsy page, <http://www.etsy.com/people/IndependentWoodworks>. Sorry, but the cute dog does not come with the bike shelf.
